Subject: City Council Update

Next Tuesday we will begin our evening with our annual Christmas Dinner beginning at 6:00 pm in the Community Room of Fire Station 1.

We really have a pretty light agenda next Tuesday evening. The first two action items are related to the new Raising Cane's Restaurant. The first item is your consideration of the final plat and the second item is to accept a \$2,500 fee-in-lieu of on-site detention. The Raising Cane's Restaurant chain was featured in the *Oklahoman*. They are a well-recognized eating establishment that will help revitalize the north part of Garth Brooks Blvd. I can also tell you that there was a survey crew working in the area of the old Harry Bears earlier this week. No word on what that would be, but there was activity.

Third action item is your consideration of the final plat for Bounce Academy Gymnastics LLC as recommended by the Planning Commission. You have previously reviewed and approved the preliminary plats for both of these developments.

Under the fourth action item, we are asking for your approval of a resolution authorizing the submission of a Surface Transportation Program Urbanized Area project (STP-UZA) that would allow for the construction of a third lane southbound from Andrew Drive to Health Center Parkway. This process usually takes 2 to 4 years to get approved.

The fifth action item is to consider a resolution authorizing, calling, and holding a municipal election for the purpose of electing one Council Member At-Large for a four year term ending May 2019. Ken currently holds this position and has already announced that he will be a candidate.

The sixth and final action item is to approve a resolution directing the City Manager to make application to Oklahoma City requesting de-annexation of the 253 acres we recently purchased for the purpose of building a park so that we can annex the property into Yukon.
